

Dear Friends & Local Business Owners,

For the last 9 years, we've been raising money for breast cancer research and several families who have been affected by this disease. With the generosity of friends, family and local businesses around our area, we've raised over \$56,000 since the inception of "Pink Days" in 2012. This annual event began as part of the Invincibelle Spirit Campaign for a Cure, a nationwide fundraiser, but has grown into so much more for us at GreenScapes. We've met so many amazing, brave and strong people through this event, and they've all become life-long friends.

What does this event entail?

VIPink Night kicks off the weekend on Friday September 24th at 5pm. The amazingly talented, Whitesboro native, Tim Britt will be back with his mix of tunes influenced by the Dave Matthews Band, Simon and Garfunkel, Marc Broussard, Mumford and Sons and James Taylor. Throughout the night, sample local wines and brews, along with delicious foods from a local restaurant. In an effort to maximize the potential of this wonderful cause, Pink Days will extend into the weekend with chances at raffle prizes and PINK specials throughout the Garden Center.

With our goal of making the most impact that we can in the name of such a worthy cause, we gather donations from amazing local business and friends for our extensive weekend-long raffle. Over the last 9 years, the raffles were a great success with some very creative baskets. Past donors such as Carmella's Cafe, A&P Master Images, The Olde Wicker Mill, Bagel Grove, and the Utica Zoo have made such an impact with their tremendous donations.

To celebrate our tenth year, we want to add to the event. During the Pink Days weekend last year, we hosted a food truck during the day on Saturday and it was a big hit! For this year, we'd like to expand on that idea. We're looking for several trucks and/or carts to join us **Saturday September 25th** at GreenScapes Garden Center. On a beautiful September day, the foot traffic in the Garden Center is amazing, and during Pink Days, is even better. If participation in this worthwhile cause is something you are compelled to assist with, you can sign up today to be a vendor, for which we would be most appreciative. Participation includes features on our website, press releases, and other social media outlets, which have garnered increased exposure with the success of our event over the last several years.

We at GreenScapes greatly appreciate your support; whatever form it comes in. The success of this event will be attributed to the participants and the generous people and businesses in our community. Your time and participation will help raise funds and help bring awareness and research resources to the individuals who run the risk of developing breast cancer at some point in their life or are currently fighting this disease. If you'd like to join us for this event, or donate to our raffle, please fill out and return the attached forms.

Thank you in advance for your support!
